Paying parking

In order to offer you and your visitors optimal parking options, we have introduced paying parking on both campuses.

When entering the parking lot you take a ticket at the barrier. If you leave the car park within the hour, you can leave the car park for free with the same ticket. If your visit lasts longer than one hour, you must pay the ticket at the ticket machines at the reception.

Family members or visitors who visit the same patient more than once a day can rent a badge. This badge may only be used during the recording period. A EUR 12.50 deposit and an advance of EUR 12.50 are requested. Upon return, the deposit is returned and the number of days is calculated. A maximum of 2 EUR will be charged per day.
The badge can be rented at the reception of the Internal Medicine building.
